# GROWING TOGETHER

## How to Develop your Business Network

**In today's highly competitive world, being a confident and effective networker is becoming more and more important. Yet 99% of people dread this vital activity. This is a great opportunity to find out how the other 1% manage to relax and enjoy the challenge of meeting strangers and creating new business opportunities.**

As part of our on-going commitment to provide top-class speakers on interesting and relevant topics, on **Saturday 21<sup>st</sup> January** the Ireland Chapter of the Professional Speakers Association has a specially-chosen line-up of "experts who speak with eloquence" on the subject of business networking.

**Will Kintish** is one of the UK's major networking gurus. An "ex-practicing accountant", he helps people who struggle with networking to do so confidently and effectively.

**Bob Ferguson** is not only an expert on business networking – he is also a double National Speech Champion having won the Toastmasters competition in 2005. He and Will are planning a joint presentation that will illuminate how to make this challenging area both enjoyable and profitable.

**Ian Jackson** director of Business Network International in Ireland provides a local perspective on the ins and outs of business networking in Ireland

***Why not invite some of your clients along to what will be an inspiring and entertaining morning in Ireland's No 1 tourist attraction. Do not miss out, book by return. Audience numbers restricted to maximise interaction.***
